

GP4 Open Call – 2nd round
Application period closes 5th June, 2023

Conditions of application:

- Short Term Scientific Missions (STSMs) are directed to supporting individual mobility, institutional visits, and collaboration between individual scholars located in a Participating COST Full member / COST Cooperating Member country; a European RTD; a Near Neighbour Country (COST NNC). **STSMs funding is incompatible with funding obtained from other sources to cover the same expenses for the same period of the mobility. Applicants should disclose whether they have applied for other sources of funding at the time when they are submitting their STSM applications.**
- STSM mobility cannot start before **six weeks** since the application deadline have passed, i.e., not before **17 July 2023**. STSMs need to be fully completed by **15 August 2023**. An STSM must have a minimum duration of 5 calendar days, not including travel.
- STSM applicants must be engaged in an official research programme as a PhD Student or postdoctoral fellow, or may be employed by, or affiliated to, an institution, organisation, or legal entity which has a clear association with research in its remit. The institutions, organisations, or legal entities where applicants pursue their main project of research are considered to be Home Institutions, while Host Institutions are those that will host successful applicants for the
